

HELP YOUR BUSINESSES THRIVE

now and into the future

Companies that track their social, environmental, and economic impacts are 63% more likely to survive a recession. They also have greater revenue growth and higher employee satisfaction.

HOST A HACKATHON

Do you want to convene and lead a group of businesses into a powerful global movement? Let's chat! Our team works with small businesses, global companies, business associations, state-level economic development agencies, and everyone in between.

Good For Michigan Hackathons are a great way to get businesses on track. We'll walk you through our free, online tools that are available for companies of any size, in any sector. The **SDG Action Manager** and **B Impact Assessment** are used across the state, the country, and worldwide to give businesses a roadmap towards a more prosperous tomorrow.

We've hosted hackathons for organizations such as:

- › Little Space Studio
- › Uptown Business Alliance
- › West Michigan Hispanic Chamber of Commerce
- › Michigan Economic Development Corporation
- › and more!
